#### LES PETITES DALLES

Located between Sassetot-le-Mauconduit and Saint-Martin-aux-Buneaux, les Petites Dalles became famous thanks to its cliffs and the color of its sea. Artists & personalities of the 19th-20th century were inspired by it, and Pissaro, Delacroix, Claude Monet and many others have honored them through their brushes. Its villas "Bain de Mer" from the late 19<sup>th</sup> century, are perfectly preserved.

Between its cliffs, Les Petites Dalles houses a beach made of stones at high tide, that releases a large expanse of sand at low tide. The beach has a lifeguard station (active in July and August) and is equipped with a winch and a boat channel, a raft and a swimming area.

Fishing is possible by foot at low tide, and you will be able to bring back shells, shrimps, prawns & crabs. The [tide times](#) are available on the website of Seine-Maritime.

Off-season, the village of Les Petites Dalles is also known to be a windsurfing and kite surfing spot, and located in the heart of the Pays de Caux and the Alabaster Coast, activities abound: walking and hiking, horse riding, fishing, water sports or cultural outings... For more information, visit the [Petites Dalles Initiatives Union](#) website.

#### WHO ARE WE?

My name is Mathilde, I am 28 years old and was born in a family from Normandy. Young, I spent a lot of my vacation between the Sassetôt Mauconduit, St. Pierre en Port, Les Petites Dalles and Les Grandes Dalles.

In 2014, while I was on a family vacation, my parents offered me to visit an apartment that has just been released in the Mozart Residence. Being already in love with Les Petites Dalles, its lights, its cliffs, its "Bain de mer" residences and its low tides - ideal for shore fishing and for chilly swimmers - I decided to go check it out.

One foot in the apartment it was a chock! Stunning view and very pleasant space. I moved the second foot in and - some later round trips with the bank - become the owner of this 32m<sup>2</sup> flat that after some work became **Front de Mer 1**. A few months later, I learned that another apartment was available: 46m<sup>2</sup>, same amazing sea view... I didn't miss the opportunity and **Front de Mer 2** was born.

Living in Lyon, my help in the management of these apartments are my parents, Anne and Damien, and Magali, our help. All live in the Sassetôt le Mauconduit, 2km away from Les Petites Dalles and will be your privileged interlocutors during your stay. I remain of course available by sms / email if you have difficulties to reach them.

Enjoy your stay! 😊
